

Welcome to Houston County
Mission Statement

The function of this office is to assign 9-1-1 official physical addresses for the unincorporated rural areas, maintenance of the ALI-automatic locator identifier, and manage Houston County's map with the GIS-graphical information system to help improve the 9-1-1 Emergency Service Technology. Also, this will increase support and make sure Deep East Texas Council of Governments 9-1-1 Emergency Number System as accurate to the reference of consistent addressing standard.

Please be prepared to supply the following for address requests:

- An established driveway is required
- GPS coordinates of the established driveway and structure location (Google map or smartphone map location in decimal degrees)
- Houston County Appraisal District Parcel #
- Road name of the property is request
- If you are not for sure please call or make an appointment

Thank You.
