

Welcome to Houston County
Mission Statement

The function of this office is to assign 9-1-1 official physical addresses for the unincorporated rural areas, maintenance of the ALI-automatic locator identifier, and manage Houston County's map with the GIS-graphical information system to help improve the 9-1-1 Emergency Service Technology such as 1st responders (fire, police, EMS, and other rescue departments). Also, this will increase support and make sure the Deep East Texas Council of Governments 9-1-1 Emergency Number System as accurate to the reference of consistent addressing standards.

Please be prepared to supply the following for address requests:

- An established driveway is required
- GPS coordinates of the established driveway and approximate structure location (obtain from Google map or smartphone map location in decimal degrees)
- Houston County Appraisal District Parcel ID#
- Name of the road for the property is a request
- If you are not for sure please call or make an appointment

Thank You.
